LUXEMBOURG

Welcome!

Domaines Vinsmoselle is the first and largest producer of Luxembourg wines and Crémants. Since 1921, we have been producing high quality wines and Crémants that have won many international awards and keep going on so. From Schengen to Wasserbillig, some 200 vintner families cultivate exclusive "lieux-dits" wines along the banks of the Moselle River.

By virtue of our four exceptional winery locations along the Moselle, we are able to offer you an array of facilities suitable for events such as conferences, as well as business and social gatherings, that may include Luxembourg wine and Crémant tastings as part of the experience. We also open the doors of our Wormeldange and Wellenstein wineries for guided tours, allowing you to sneak a peek behind the scenes of these fabulous wines and Crémants.

From 10 to 500 people, our cellars are perfectly adapted to your business events and family festivities such as banquets or receptions. By day or by night, enjoy an exceptional setting in the heart of Luxembourg's vineyards. There's also the possibility to combine your event with wine activities for a moment of relaxation and discovery.

All our rooms are modular and various equipment is available on request. You are free to choose the different service providers but we can also request offers from our partners according to your needs.

Please do not hesitate to contact us, as our team will be delighted to assist you and help organize an unforgettable event that will inspire you, and your guests, as they discover, or rediscover, the Luxembourg Moselle.
